

MONOBLOC INDUSTRIAL PALLET 9 FEET

MEDIUM FLAT 1210-C9

Industrial monobloc plastic pallet, with 9 feet, ideal for manipulations of moderate loads that do not require chain rollers transport, stacking or rack storage. Thanks to its smooth surface, the pallet ensures effective cleaning and fast drying.

Advantages

- Altura optimizada**
- Ventanas diafanos para facilitar su manipulación**
- Tablero liso y sin cavidades para fácil limpieza**
- Elevado rendimiento a bajo coste**

Recommendations for use

- ✓ Do not stack more than 52 pallets, which equates to a height of 7,2 M when empty.
- ✓ Do not handle blocks more 32 empty pallets.
- ✓ Once Stacked, check that they are properly fitted.

*1 The values indicated are approximate and are based on both practical experiences and ISO 8611 tests with a uniformly distributed standard load, distributed all over the pallet surface, duly consolidated, compact and stable and at ambient temperature (20°C [68°F]) for a specific time. Different load conditions produce different values that have to be checked at the customer's request. Any deterioration or breakage in the pallet may vary these results.

*2 Due to the characteristics of the materials recycled, the dimensions and the weight of the pallets may present certain tolerances. Dimensional tolerances according to DIN ISO 2768-V and weight tolerances: +/- 4%. Except for references of the FLAT category: +/- 3%.
